- How can we improve in order to achieve the goal?

### Overview

The **Unstoppable Teams Programme**<sup>®</sup> is a phased, tailored programme combining executive team workshops and 1:1 coaching. It follows a proven process to deliver increased business performance and benefits from over a decade of research. This programme delivers sustained results when it becomes an integral part of your regular departmental meeting schedule; combining team and leadership development with 3 key objectives:

1. **Setting a clear, compelling team Vision and Goal**
2. **Identifying a Critical Path and Execution Plan**
3. **Improving the Team Dynamic to achieve the goal**

### Programme Outcomes

The key objective is to help you to deliver your business goals and enable you and your team to get the right job done more efficiently - achieving more outstanding results. Team meetings become more efficient, mediocrity is unacceptable and all team members are held to account. By the end of the programme there should be absolute clarity for leader and team on what the team needs to achieve and why - and a clear plan of how they will get there.

### Target Audience

This programme is targeted at teams wishing to work more cohesively to improve their impact and effectiveness within the organisation.
